ORDER:-

In the letters read above, the Chief Engineer, Minor Irrigation (T), Hyderabad, has submitted revised estimate-II for the work “Excavation of alternative canal to N.T.R. canal from other side of sathupalli town of Sathupalli Mandal, Khammam District”. The Committee of CEs examined the deviations in the RE and recommended for revised administrative sanction for an amount of Rs.123.36 crore. The CE has further stated that, the NTR canal takes off from Baithpalli large tank to feed flood water to 49 MI tanks in Sathupalli and Vemsoor Mandals for an ayacut of 6000 acres. As the Singareni Collieries Company Ltd (SCCL) proposed the open cast coal mines in the area of NTR canal, the alternative NTR canal is proposed on other side of the Sathupalli town in order to facilitate the open-cast mining with the funds of SCCL. Originally, the NTR canal is existing on northern side of Sathupalli town. Later on, Singareni collieries company Ltd., had proposed to excavate coal mines on North Sathupalli Town. The existing NTR Canal was passing through the Jalagam Vengala Rao open Cast-I. Hence a meeting was conducted and decided to excavate alternative canal. The SCCL had agreed to bear the entire cost of the canal. Hence, necessary surveys were conducted and alignment was finalized on south side of Sathupalli town. The SCCL has agreed to pay an amount of Rs.4045.18 lakh and the said amount was already deposited and expenditure was also incurred. Hence, he has requested to accord RE-II administrative approval for Rs.123.36 crore for the subject work under Normal State Plan.

2. Government after careful examination of the matter hereby accord RE -II administrative approval for Rs.120.669 crore (Rupees one hundred and twenty crore sixty six lakh and ninety thousand only) for the work “Excavation of alternative canal to N.T.R. canal from other side of sathupalli town of Sathupalli Mandal, Khammam District”.

3. The expenditure sanctioned at para (2) above, shall be debited to the Head of Account “4702-COL on MI – M.H. (101) Surface Water – G.H. (11) Normal State Plan – SH (12)- Construction & Restoration of M.I Sources – 530 Major works – 531 Other Expenditure”.
